

"Rassaz challenged us to embrace the concept of 'Infinity' expressed in punctual moments of fluidity the podium, the amenities, the rooftop, tied with an undeniable relation of beauty between fluidity and continuity. Infinity Tower is part of Mumbai's new era, designed through the new gen of sophisticated computational tools, by a group of next gen architects who tame them with the same human side that created Mumbai across generations."

It is with honour that my studio joins Rassaz to deliver the Infinity Tower on Mumbai grounds.

Not everything infinite is distant. Some ideas are designed. Built. Lived. Infinity Tower transforms infinity into experience, where space flows, views extend and life feels uninterrupted.

"WE CREATE SPACES WHERE YOUR HEART FEELS AT HOME."

At **Rassaz**, we believe the true value of a space lies not in its scale alone, but in the way it makes people feel. Every development is designed with purpose, built to last and shaped around people's needs.

Rassaz Infinity Tower carries this vision forward—a landmark designed to enrich everyday life for years to come.
